

Lazy Lion

Follow the line of the arm swoop, floating the hand down until the finger lies flat in the key like a lazy lion.

These lazy lions have flaked out on the piano keys. Shhhhh, don't disturb them... even the elephants are walking on tiptoe...

Musical score for 'Lazy Lion'. The 'PRIMO' staff shows a melodic line with a dashed line above it representing an arm swoop, starting with a 'sempre' marking. The 'SECONDO' staff provides a rhythmic accompaniment with eighth and sixteenth notes.

Improvisation & Variation

Keep the arm movement very large, very slow, very gentle, and very continuous while you:

- 🐾 Play the piece with another finger.
- 🐾 Play some other notes with the same floating-lying touch.
- 🐾 Play with a different rhythm.
- 🐾 Do all that with the left hand.
